GOGO Music celebrate their 10th release with RAW ARTISTIC SOUL's "The One Cultural Groove" EP I, the first installment of a series of releases taken from their enchanting forthcoming album titled "What About Love" for the label in 2005.

"What about love" arrives with a beautiful tapestry of worldly sounds in a modern that is "Nawella", a traditional South African spiritual chant sang in the mother language of Bemba. As its light afrocentric rhythms and delicate guitar echoes complement the harmonious voices, this track will instantly bring sunshine into your life! Turning up the heat is "Pa El Bembé" featuring the outstanding Cuban voice of Edisney Portales Vega whose distinctive tones are complemented by uplifting choral harmonies, the mesmerising improvisation of latin flautist, Domingo Patricio, to the beat of raw energetic drums.

Programming drums since he was nine years old, Phil learned to mix electronic music and programming with real played instruments.
